

Michigan Online School

Limited English Proficiency Policy

The Michigan Online School Board of Directors believes all students be provided a meaningful education and access to the programs provided at Michigan Online School. Limited proficiency in English should not be a barrier to equal participation in the instructional program. Students identified as having limited English proficiency will be provided additional support and instruction to assist them in gaining English proficiency and in accessing the educational programs offered by Michigan Online School.

Michigan Online School will assist limited English proficient students and their parents in their access to programs and information by sending notices and information in their native language when possible.
